FOR IMMEDIATE RELEASE

Denfeld Nation Automation (DNA) Team 4009 competed at the FIRST Lake Superior Regional Robotic competition February 26-28 at the DECC in Duluth, MN. DNA ended as 6th seed alliance captain, and chose Syntax Error Team 4693 (Rockford, MN) and Cobalt Catalysts Team 3042 (Apple Valley, MN) to compete with during the playoffs. DNA received the FIRST Innovation in Control Award sponsored by Rockwell Automation. Their next competition will be at the Central Illinois Regional, March 19-21 in Peoria, Illinois. More information can be found on our webpage, denfeldrobotics4009.org.
